The 21 jet bedoors which had landed on 15 April belonged to the horder regiment stationed at Erand. The jet benders took off, probably for bombing practice at Lieberose bombing range located north of Cottins. It is of interest to note that the bomber unit brought its own fuel trucks. This procedure was also observed when the bomber regiments form fuel trucks. This   | a dela di Anterior de la companya d   |  |  |  |  |  |  |  |
